US Pat. 6,266,907.

BACKGROUND OF THE INVENTIONField of the Invention

5 The present invention relates generally to album
pages useful for the display of planar objects, and
more particular, in the illustrated embodiments, to the
display of photographs. In its most preferred
embodiment, the present invention relates to an album
10 page which may be used to display similarly sized
objects, e.g. photographs, in either a vertical or a
horizontal position, and when displayed horizontally,
the page supports the photograph on both sides of its
bottom edge to prevent skewing of the photograph.

Description of the Prior Art

15
20 A wide variety of pages or sheets used to support
and display planar objects are known in the art. Such
objects may be stamps, letters, art works, photographs,
recipes or any of a wide variety of other objects. The
size of the objects can also vary widely, so that the
number of objects to be displayed per page or sheet can
